LAING O'ROURKE SELECTS TAGETIK FOR GROUP MANAGEMENT AND STATUTORY REPORTING

London, UK and Lucca, Italy – December 7, 2011 – Tagetik, a global provider of enterprise software solutions for Performance Management, Governance, Risk & Compliance and Business Intelligence, today announced that **Laing O'Rourke** (www.laingorourke.com) has selected Tagetik to streamline its **consolidation process**.

"This project confirms that Tagetik is growing its business internationally and further expanding its market-share within both large privately owned and publicly listed corporations," says **Manuel Vellutini, Chief Operating Officer at Tagetik**.

About Laing O'Rourke

Laing O'Rourke is the largest privately owned construction solutions provider in the UK. Formed over 30 years ago, the Group's international operations posted managed revenue of £4bn in 2011.

The business is made up of a range of engineering, construction, manufacturing and specialist services companies, which combine to provide prestigious clients with a comprehensive investment, development and management capability.

Working across Europe, Canada, the Middle East, South East Asia and Australasia, our operations span a range of sectors, including: lifestyle; business; social infrastructure; transport; power; mining and natural resources; oil and gas and utilities and waste.

The breadth of its expertise and geographical reach means it is engaged on the full spectrum of projects - from remote desert railways to urban regeneration and transport infrastructure schemes.
