Prices and Schedule EU

Last update: 28/10/2015

This document contains the Tagetik education price list and detailed information about the training course calendar and venues.

Schedule and location

The courses calendar provides the list of training events taking place on the 2nd half of 2015 (from July to December) at the Tagetik offices in Italy, the Netherlands and Sweden. For info about training courses held in different countries, please refer to the DACH and US 'Prices and Schedule' documents.

In general, courses at Tagetik offices can be attended by users from different organizations. In the event that it is not convenient to attend one of the scheduled courses, we are able to organize ad-hoc courses on dates that better fit your needs.

The training course can then be performed at customer's offices on a mutually agreed date. On-site courses have a predefined duration, but some flexibility is allowed to fit customer's requirements.

Courses Calendar

The Courses calendar shows all the scheduled training courses from July to December 2015.

Note: all training courses can be organized also on demand.
